Activity Priorities and Description

Program Key Priority Area *

Aboriginal and Torres Strait Islander Health

Other Program Key Priority Area Description**Aim of Activity ***

Contribute to improving health outcomes for Aboriginal and Torres Strait Islander people with chronic health conditions through better access to care coordination, multidisciplinary care, and support for self-management.

Description of Activity *

A new provider was contracted to provide this service from 1 July 2020.

Through this activity the commissioned provider will:

- Be contracted to deliver the care coordination component of the ITC program. Access to the service will be via referral from a local service provider or mainstream GP.

- Employ Care Coordinators and Outreach workers and the IHPO.
- Support Care Coordinators and Outreach workers in their roles to ensure optimum outcomes for the community.
- Identify Aboriginal and/or Torres Strait Islander clients who are eligible for the ITC program.

Through this activity Outreach Workers will:

- Support patients to access services by aiding with transport
- Take part in Community liaison activities
- Undertake administration and support
- Provide practical assistance
- Provide feedback regarding access problems

In March 2021 WSPHN requested and received approval to increase the Supplementary Services component of this activity's budget activity to \$550,179.00.

The purpose of this request was to allow our contracted ITC provider to address a significant increase in demand for specialist, transport and exceptional circumstances requests.

Aim of Activity *

Improve access to culturally appropriate mainstream primary care services (including but not limited to general practice, allied health, and specialists) for Aboriginal and Torres Strait Islander people

Description of Activity *

The ITC model for this activity has taken into account the unique operating cultures and distinctive needs of Aboriginal and Torres Strait Islander people.

The description of the ITC model for this activity includes:

- Workforce analysis: undertake a workforce survey to identify cultural development needs and general practice quality improvement opportunities.
- Gap Analysis: identify new skills the workforce will need to provide culturally competent mainstream services
- Strategy development to address future gaps and include programs, policies, and practices that assist an organisation to be culturally competent.
- Implement workforce plan in order to:
 - o Communicate improvement plans to mainstream primary care providers
 - o Allocate necessary resources to carry out identified strategies
 - o Clarify roles and responsibilities in implementing the strategies.
 - o Define performance measures, milestones & deliverables

Additional work to be undertaken as part of this activity include: -

- Facilitating access to resources that support cultural workforce planning and development
- Showcasing approaches that support integrated care, including integrated pathways, linkages and models of care
- Facilitating training to improve the capacity of mainstream primary care providers to confidently deliver safe, accessible and culturally responsive services
- Facilitating cultural competency training for commissioned providers
- Increasing the uptake of specific Aboriginal and Torres Strait Islander MBS items including 715 – Health Assessment for Aboriginal and Torres Strait Islander people, care planning and follow-up items.
- Developing linkages, pathways and other approaches that support cross-sector networking, information and knowledge exchange
- Assisting practices to encourage Aboriginal and Torres Strait Islander patients to self-identify
- Developing culturally appropriate terminology cheat sheets
- Helping practices create a more welcoming environment e.g., Indigenous artwork and posters.
