## **MEDIA RELEASE**

### **Announcing WentWest Board Leadership Transition**

Later this year, Conjoint Professor Di O'Halloran AO will be stepping down from her role as Chair of the WentWest Board. We profoundly appreciate Di's transformative leadership which has been instrumental in WentWest's achievements. We are immensely grateful for her exceptional dedication during her tenure. Di has been a crucial founding leader, guiding WentWest's evolution from a division of general practice to a leading Primary Health Network.

We are pleased to announce that Adjunct Professor Dr Anne-Marie Feyer, longstanding Board member and former Chair of the Governance and Nominations Committee, will be stepping into the role of Chair. With her proven track record and deep expertise, Anne-Marie is exceptionally well-equipped to guide WentWest into a future of meaningful impact and sustained growth.

Additionally, we express our gratitude to Dr Walid Jamal for his six years of dedicated service as a Board member. His commitment, expertise and insights have significantly contributed to our strategic direction and successes. We wish Walid all the best in his future endeavours.

These leadership changes signify an exciting phase of evolution for WentWest. After Ray Messom returned to Canada, Michelle Quinn, our Executive Director of Strategic Commissioning and Insights, served as interim CEO. We now welcome Andrew Newton as our new CEO. Andrew has brought exceptional leadership, vision, and vigour to our organisation.

Please join us in celebrating Di's remarkable leadership, welcoming Anne-Marie in her new capacity, and extending our best wishes to Walid.
