Berala	Berala Medical Clinic	Shop 2 & 3, 150 Woodburn Road Berala NSW 2141	Full time, Part time, Contract, After hours only	VR	General Practitioner Reports to: Practice Principal Purpose of position: To provide competent patient-centred care that addresses health needs and promotes wellness. Such care is based on latest evidence and guidelines, and meets legislative requirements. Responsibilities To provide good clinical care: • Providing skilled health assessment, diagnosis and treatment services to patients. • Ordering diagnostic tests as needed and checking and informing patients of results in accordance with clinical needs and the practice's procedure. • Referring patients appropriately to other providers if their needs exceed the range of care you are able to provide. • Consulting and collaborating with colleagues to provide optimal care. • Documenting all care provided and education/information given to patients within their health record, in accordance with the practice's procedure. To maintain good medical practice: • Maintaining professional knowledge and standards through continuing medical education and personal professional development. • Having a working knowledge of legislation and standards of general practice. • Maintaining a current cardiopulmonary resuscitation certificate. • Practising medicine in a way that reflects the practice's values and mission. Maintaining trust (professional relationships with patients): • Providing services courteously and respectfully, with regard to the cultural beliefs and needs of patients. • Responding openly and following up complaints or feedback. Working collaboratively with colleagues: • Collaborating with regards to rosters and providing cover to ensure patients' needs are met. • Working constructively and harmoniously with all staff to ensure patients receive optimal care. • Involvement in practice accreditation activities. • Participating in centre-based audits and activities.
