

# Veteran Engagement & Assessment Program

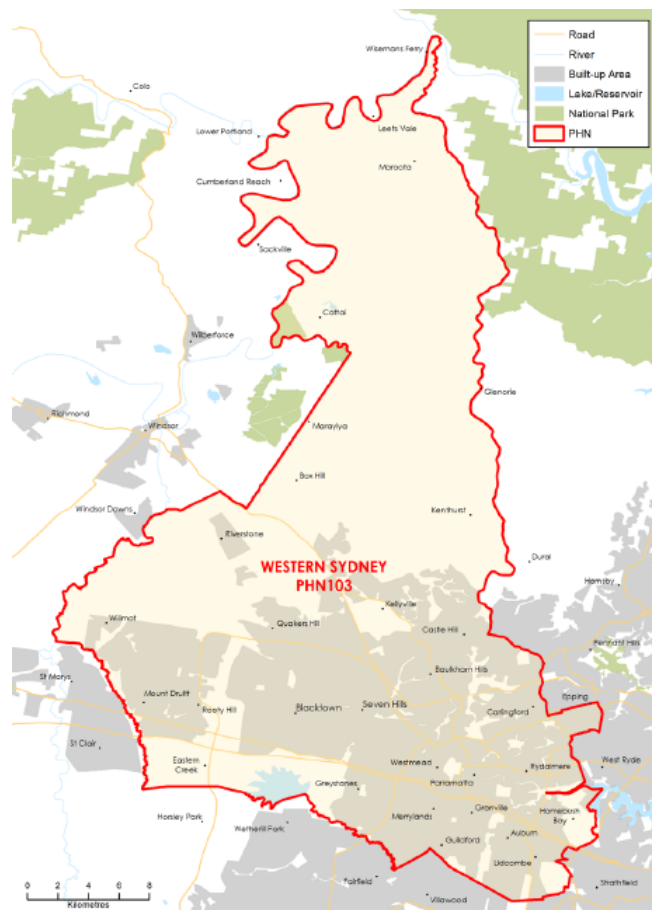

## Assessment and referral service for Western Sydney Veterans

The Veteran Engagement and Assessment Program (VEAP) covers the Western Sydney Primary Health Network region and provides access for Veterans to seek information on mental health services and Veteran entitlements, obtain a full clinical assessment and receive referrals to clinical, veteran, trauma or other health or social well-being services in their location.

St John of God Health Care has over 25 years experience as a national leader in research, treatment and management of traumatic stress injuries.

The program is available for Veterans, their partners and children or other family members caring for Veterans experiencing mental ill-health.
